Document Scanners

**Epson WorkForce DS-870 Scanner**

The Epson DS-870 is built for busy workgroups, delivering fast, reliable performance with speeds up to 65 ppm (130 ipm), a 100-page ADF, and capacity for up to 10,000 pages per day. It handles a wide variety of documents, from IDs and thick paper to long pages, with safeguards to protect delicate media. With its color LCD, bundled Document Capture Pro software, and full driver support, the DS-870 integrates seamlessly into workflows to keep high-volume scanning simple and efficient.

S5000 Series

**Introducing the Kodak S5000 Series Scanners**

Built for high-volume, demanding workflows, the new S5000 Series delivers speed, quality, and efficiency like never before.

- **Fast & Powerful** – Up to 210 ppm with a 32-core processor and tri-stream output for multiple file types in a single scan.
- **Superior Image Quality** – FADGI mode ensures accurate, compliant results.
- **Reliable Handling** – Intelligent Document Protection and support for mixed or long documents keep jobs running smoothly.
- **Easy to Use** – Large color touchscreen interface and ergonomic design to simplify scanning and workflow integration.

The S5000 Series helps organizations digitize smarter, faster, and with confidence.

**Revolutionize Your File Management and Workflow with Sys.tm® Flows & Sys.tm Intelligence®**

Digitech Systems is taking automation to the next level with Sys.tm® Flows and document-based Artificial Intelligence with Sys.tm® Intelligence — making Sys.tm® your all-in-one solution for seamless digital transformation!

- **Sys.tm® Flows:** Effortlessly automate workflows, route documents, execute tasks, and optimize decision-making with intuitive, flexible process automation.
- **Sys.tm® Intelligence:** Harness the power of Robotic Process Automation (RPA) and AI to analyze, classify, and extract data from documents—making information management smarter and faster than ever.
- **One Powerful Platform:** Sys.tm bundles these cutting-edge tools into a user-friendly, easy-to-set-up interface, empowering your business to streamline operations and drive efficiency.

**Don't Get Left Behind!** Expand your revenue, strengthen your client relationships, and stay ahead of the competition with Digitech Systems.
