Canon

Canon DR-G2140

Canon imageFORMULA DR-G2140

The Canon imageFORMULA DR-G2140 is a high-performance production scanner designed for demanding, high-volume environments. It delivers fast scanning speeds of up to 140 pages per minute and handles up to 70,000 scans per day, making it ideal for busy offices, service bureaus, and records departments. With its robust paper handling, advanced image processing, and Ethernet connectivity, the DR-G2140 ensures crisp, accurate image capture while reducing the need for manual adjustments. The result is greater efficiency, less downtime, and consistently high-quality digital output that streamlines document workflows and boosts productivity.

Kodak alaris

KODAK i4000 Series
Built to stay busy

Kodak i4000 Series Scanners

The Kodak i4000 Series Scanners are built for high-volume, mission-critical document capture, offering exceptional speed, reliability, and image quality. With scanning speeds of up to 160 pages per minute and a large automatic document feeder, they handle diverse document types with ease—from fragile pages to thick card stock. Intelligent Document Protection and Perfect Page technology ensure clear, accurate images on every scan while minimizing paper jams and errors. Designed for efficiency, the i4000 Series helps organizations process large workloads quickly, reduce manual intervention, and maintain smooth, uninterrupted workflows.

EPSON®

WorkForce® DS-50000
Large-format Color Document Scanner

Epson DS-50000

The Epson DS-50000 is a large-format, flatbed document scanner designed for versatility and precision. Ideal for scanning books, drawings, photos, and fragile documents, it delivers high-resolution images up to 600 dpi with exceptional clarity. Its spacious scan bed accommodates up to 11.7" x 17" documents, making it perfect for offices, libraries, and graphic design environments. With compatibility across major document management systems and advanced imaging features like color enhancement and text optimization, the DS-50000 streamlines digitization while ensuring professional-quality results every time.
