PEN DISPLAYS

Pen Displays

Whether in the classroom or online, teachers can use pen displays to present lessons, illustrate learnings, take notes, and answer questions. When it comes to students, the pen makes the switch to digital working easy and intuitive.

PEN TABLETS

Pen Tablets

Pen tablets are a proven and affordable teaching aid and are great to use as digital whiteboards. The digital pen allows teachers to enhance lectures and maintain eye contact with students while working remotely. Plus, students can use them to submit work digitally, so there's no more shuffling and organizing countless pieces of paper.

SOFTWARE

KOFAX

Token Vault

Token Vault – Cranel's Newest Professional Services Offering!

Modern authentication has created demand in the marketplace for Token Vault Professional Services. The most common environments we encounter are Kofax scanning solutions connecting to Microsoft online environments, namely SharePoint Online and OneDrive. In response to the increasing demand, we have created a new professional services offering that you can resell to your customers.

Please contact your Cranel sales representative to learn more about our Token Vault Professional Services!
