As a Cranel partner, you'll get top-notch distribution expertise and access to our exceptional services along with the support of our national sales team.

SERVICE AND SUPPORT

PROFESSIONAL SERVICES

Cranel's Professional Services Team will help your customers realize the full value of their technology investment quickly and efficiently. Working hand-in-hand with you as our partner, our team of manufacturer-certified consultants will assist you to assess the specific requirements of each customer, configure a winning solution, and seamlessly install the technology.

DATA CENTER SERVICES

Reliable maintenance on Data Center equipment is essential to ensuring uptime and maximizing staff productivity. Data Center service solutions from Cranel provide resellers with a flexible suite of maintenance alternatives for leading network, server, and storage technologies—long after OEM support is no longer available. With Cranel's Data Center service options, resellers can increase overall service profitability while helping to extend their customer's usable equipment lifecycle and lowering customer maintenance costs.

PORTABLE DEVICE SERVICES

Barcode scanners, label printers, and other mobile computing devices are critical components in operational data collection and tracking functions. OEM service options are often restricted to the equipment's initial warranty period, leaving resellers and their users with limited post-warranty service alternatives. With Cranel service on mobile computing devices, resellers can maintain service annuity profitability while helping their customers extend the equipment's usable life and lower customer maintenance costs.

V-CARE®

V-CARE® is a customized, all-inclusive scanner service and maintenance solution. Proactive and complete, it extends the life of your equipment and helps deliver a higher ROI. V-CARE® integrates your break/fix service, preventative maintenance and consumable parts needs to keep your scanners operating at peak performance.

ADVANCE EXCHANGE PROGRAM

Cranel's scanner Advance Exchange service offers next business day replacement of scanner equipment. Fast and simple Cranel's Advance Exchange provides a replacement scanner for the malfunctioning device. Your customers get back to scanning quickly, then return the faulty unit to Cranel.

ADDITIONAL VALUE-ADD SERVICES

Looking to provide your customers with more value? Want to promote your company with marketing collateral in the box? Cranel offers a variety of services to help our partners more effectively add value to their customers offerings including asset tagging, collateral insertion services and firmware upgrade/downgrade offerings.
